For New Members:

- The 6 months of WEM Membership access will be granted once payment is successfully processed for the eligible 2024 course booking made during the offer window.

For Existing Members:

- Current annual and monthly members who purchase any new 2024 WEM course between January 26th 2024 - February 2nd, 2024 will qualify for 6 months of membership access added to their account post their next subscription payment date.

Account Access

- The membership subscription extension will be tied to the individual account used to purchase the eligible course. Access credentials should not be shared across multiple users.

- The 6 month subscription follows current membership program details, systems, and policies active during the access period provided. Specific features or components may be changed or discontinued per WEM's discretion going forward.

Termination for Violation

- World Extreme Medicine reserves the right to terminate any membership subscription immediately if the member violates community rules or policies, general terms and conditions, or procedures in our code of conduct.

Additional Terms

- This limited time offer cannot be combined or stacked with any other WEM membership promotions.

- Should a qualified booking be cancelled or refunded, the associated membership access will also be revoked as it was contingent on the paid 2024 course enrollment.
- The offer is valid strictly for new course bookings made January 26th 2024 through February 2nd 2024. Any enrollments made outside this booking window do not qualify for the 6 month membership extension.
